PREPARATION:	5	MINUTES

MINT LEMONADE

2-3 large bio (unwaxed) lemons
1 tbsp mint leaves
2 tbsp sugar
240 ml (1 cup) water
4 ice cubes
1 tsp Pink peppercorn

TOOLS AND EQUIPEMENT

blender

COMBINE ALL THE INGREDIENTS

Add chopped lemons, mint leaves, sugar, water, ice cubes, and pink peppercorns to a blender. Mix for about a minute into a smooth mixture.

STRAIN THE MIXTURE THROUGH THE SIEVE

Place a sieve over a bowl. Pour the prepared mixture into the sieve and strain the mixture through the sieve to get as much liquid as possible. Use a spatula.

SERVE

Serve your homemade Mint Lemonade. Pour 1/2 cup (100ml) into a cold glass over four ice cubes. Add 1/2 cup (100ml) cold water, soda, or tonic.

SAVE FOR LATER

Feel free to freeze the lemonade for later use. Pour the liquid into ice molds and freeze until needed. Add four cubes of frozen lemonade into a glass and serve with water or soda.
